### A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufact-mers of Washington, N. J. For the next 60 days they offer to sell an organ for \$42.50, which a short time ago would have been considered a desirable bargain at \$75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufactur-er's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the cotalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They generally offer to send it free to all who write and mention the BEE.

At the Headquarters of the Republican Congressional Committee, No. 210

J. W. Babcock, the chairman, is constantly in attendance, as is also our old

the Acting Secretary and both are dethe Acting Secretary, and both are de-voting their entire time to the impor-tant matters in hand. The outlook for a grand Republican victory in the lal elections grow brighter and brighter, and the campaign work at this end of the line could not have been placed in better hands. It is now confidently believed that our party will hold the fort in the House of Representatives hereafter. It is even hoped that many districts in the hitherto "solid" South will see the glaring error of their ways and come over to the side of right.

The Committee has been extremely fortunate in securing services of Mr. John W. Groves, of Viroqua, Wisconsin, who is daily rendering most valueable assistance in explaining to nominees, Chairman of District and County Committees, and other I ading men who are taking part in the camp ign the policy and plans of the Congressional Committee so far as these relate to their respective localities. Mr. Groves is a gentleman in every sense of the word, and is thoroughly informed on all questions of public and party interest. #### THE RECORDER OF DEEDS.

The BEE as the country knows has been opposed to the present re corder of deeds and its opposition to him has been based strictly upon a question of principle.

It has avoided in every way any criticism that would tend to show that he was being opposed on account of color or any attempt on its part to draw the color line.

The BEE has also avoided in at tempting to strike him below the belt as every honest journal should in its criticisms of paplic men and measures and demonstrate as far as possible that public men aud measures should be public discussed in a fair and candid man ner.

The "Washington Times" and a few other journals in this city seem to have fallen into this error, especially when these journals attempt to prejudice the country by saying that the recorder of deeds 18 attempting to force white young ladies to associate with colored

This the BEE takes exceptions to be cause it is an effort to place colored young ladies upon an inferior basis. The white women in the recorders office are no better than the colored and if this is the kind of fight the white journals intend to make the BEE will be found on the other side.

Is it any crime for white women to associate with colored women? This is a blow below the belt and a reflection on our colored ladies and it would make no differ ence how wrong Taylor is the BEE will not be a party to such at tacks if they tend to degrade the colored ladies in the recorders of

There is no attempt on the part of any one to compel white women to associate with colored women. Will the Times say that the col-

ored women are unfit to come in contact with these pure and undul terated Anglo Saxons?

The BEE will have more to say in its next issue. The BEE also opposes the method being resorted to by certain white

men to foster this color line fight.

### THE EDITOR IN RICHMOND.

The Afro- American Editors confer. A Holiday Among The Gods
And Godesses. The City
On The Hills Shows Itself. Editor John Mitchell Shows The Gang How To Entertain. Eloquent Speeches, A Brilliant Reception And Pretty Ladies.

> Richmond, Va, Sept. 15, 1894. (Special to the BEE.)

The city on the hills reminds the writer of the Alpine heights of Mount Blanc. Arriving at Richmond, the seat of the Southern Confederacy, on the morning of September 11th, the well pointed office of the Richmond Planet was the objective point.

Everything was in full blast, the foreman, brother to the editor, a very affiable young man invited us to the editor's house.

Before going, a chat was had with the astute politician John C. Dancy who informed the writer that he nad been waiting for the editor of the Richmond Planet since six o'clock a.

Editor Dancy looked like he had just come from the Palmette State, A walk to the editors house was an evidence that he had been up all night preparing for the Knights of the quill. It was nine o'clock and the editor had not finished his break fast. He returned and finished an escorted editor Dancy and the BEE t 520 St. James street, to Prof. and Mrs Rosa K. Jones whose hearts are as tender and their nospitality as lib eral as nature could make them. Mrs, Jones is one of the best known ladies in the South and a musician on the classic order and a lady who knows

how to prepare a feast for the gods. "The Afro-American Press Associ ation" convened its 13th annual ses sion Tuesday morning in True Re

> Editor Mitchell's Address. In the evening Ed. Mitchell deliver ed his annual address, which was a review of his work during his five years as president of the asso ciation. He made several import ant recommendations which were acted upon at once. One was the change in the annual meeting of the association from September to the second Tuesday, Wednesday

and Thursday in July of each year Editor Mitchell offered a set of preambles and resolutions indors ing the crusade of Miss Id a B. Wells

which were unanimously adopted. Next business was the appiont ment of a committee to wait on Gov. O'Ferrall, whose reply and that of the committee will follow this report. Papers were read by editors C. J. Perry of the Poiladel phia Tribune, Hon. John H. Smyth and W. Calvin Chase.

Music was furnished by Meedames Mildred Ander on Cross, the rising prima donna of the South and who will visit Washington this winter, Rosa K. Jenes, one of the most ac complished pianists in the south and Miss Turner. Madame Cross is on the order of Mada ne Sissie retta Jones and no doubt her supe rior. The second days session resulted n the election of officers as follows: President John C. Dancy, of the Wilmington, N. O., A. M. E. Zion Quarterly; First vice pres. Ohris J. ## THE GOV. REFUSES.

WOULD NOT ADDRESS THE NE-GRO NEWSPAPER CONVEN-TION.

HE COULD NOT ACCEPT THEIR INVI-TATION BECAUSE THEY ENDORSE IDA WELLS-REPLY TO HIS VERY "CANDID" LETTER.

A committee from the Afro- American Press Association called upon Govwnor O'Ferrall at his office vesterday afternoon to invite him to attend or deliver an address before their conven tion last night. The colored "journal ists," who were headed by John Mitchell, Jr., were courteously received upon their arrival at the executive chambers and were individually introduced to His Excellency. One of the delegation in a rather creditable speech, explained the object of their mission, and urged the Governor to appear at their meetmeeting, even though he could only stay a few moments. The Executive told the Afro-American visitors that he could not give an answer to their invitation at the time, but that he would respond by a letter, to be delivered to them in time to know his de-

#### THE GOVERNER'S LETTER.

The following is the communication he sent to John Mitchell, Jr., president of the Afro-American Press Association: Richmond, Va. Sept. 12, 1894 I would not think of accepting an in vitation to address any convention or assembly that endorses, as your conver tion did last evening, the course of Ida Wells in her slanders of the people and civil authorities of the South.

I condemn lynch law as much as any one, and as long as I an Governor of Virginia every man, whether white or colored whatever the charge against him may be, shall have a trial by judge and jury, if I have to exert all the power given me by the constitution and laws of Virginia, and should any case of lynching occur, I shall endeavor to enforce the law against the lynchers, but it strikes me that the action of your convention in endorsing the misrepresentations and slandering utterances of Ida Wells is calculated to do harm rather than good, and intensify rather Alexander, Baltimore, Md. Afro than mollify the spirit of violence American; Fifth, J. Cornelius which so frequently manifests itself, American; Fifth, J. L. P. Taliafaro, Phil innocents, while not a word of sympathy is expressed for their victims who adalphia, Pa., Christian Banner; thy is expressed for their victims who have suffered more than death. I believe if your convention would condempth the supersection.

The humblest citizens has rights the lynchings in the South, with rare which other men are bound to respect. the lynchings in the South, with rare exceptions, and the leaders of the colored people would frown down upon it and cry out against it, and not exert their energies and devote their time to a denunciation of the lynchings, there would be fewer outrages, and, if so, fewer instances of mob violence.

A DEEP LAID SCHEME.

I do not know, but it looks very much to me as though the work of Ida wells was a deep laid scheme to check, as far as may be, the progress of the South, and every good citizen, white and colored, should feel an interest in refut ing her villifications rather than sanc tioing them as your convention did last evening. She and her supporters certainly stirred up a feeling against her own race which did not exist prior to her crusade. The people of the South, who have labored so assiduously for nearly a generation now to recuperate and build up their waste places, will not take kindly to the effort which this woman and her followers are making to bring reproach upon their sec-tion, and create the impression that it

is a land of lawlessness and disorder.

I have the most friendly feeling for the colored people. They have my sympathies in all their struggles and audable undertakings, as I think I have shown in my private and public life, and I was, indeed, deeply pained when I read this morning that your convention, composed rof representa-tives of your race had stuck the south blow which she did not deserve.

While I thank you for your invitation, I must decline, under the circum stances, to address your convention of attend its sessions.

Respectfully,
(Signed) CHARLES T. OFERRALL Governor of Virginia

THE REPLY, The following is the reply to the Gov ernor's letter: Richmond, Va. Sept. 12, 1894.

PISO'S CURE FOR To His Excellency, Charles T. O'Fer-Governor of Virginia:

Dear Sir,—We the committee assign-ed to invite you to lend your presence, in your official capacity, to the session of the Afro-American Press Association of the United States this evening

tion of the United States this evening beg leave to acknowledge the prompt receipt of your very candid, not to say unexpected, reply
We regret the reason which prompted your express refusal to visit us. An honest difference of opinion touching methods of remedying evils, which, you frankly acknowledge. you frankly acknowledge, exiss in

our country, should not, in our humble opinion, prevent your coming to see us, even if only for the purpose of correcting a false impression which you believe rests on our minds.

We regret, Governor, sincerely that the opinion exists in the South to a great extent that the colored people, or any of their leaders, condone committed by any member of the race. Nothing could be further from the truth. We condemn every species of crime, and use our every influence hrough, the press and otherwise, to stem its progress.

We demand reasonable and fitting punishment for any accused person duy tried by a jury of his peers. But we make no ap logy to any one in our uncompromising demand that no man shall be punished by any method other than that sanctioned by the laws of the State and nation, and the courts set part to decide upon their constitution-

CONDEMNING CRIME.

No longer than last night we passed resolutions condemning crime, where ever perpetrated by our race, and deprecating frequent charges of crime against us, even though often groundess. But even this is no argument in favor of the greater of mob violence which violates every form of law and oft-glorified civilization.

We endorse the crusa de of Miss Ida

Wells in Great Britaint against lynching in America, just as the Hungarians endorsed Kossuth, and the Irish Parnell, during their crusade in America. in favor of the rights of their people, and the American people Wendell Phil-lips, Frederick Douglass, and Henry Ward Beecher in Great Britain, in defence of negro emancipation ipin the United States. It is the princ, le fr which she contends that inspire confidence and regard, and touches a re

sponsive chord in our hearts. We cannot say that all she says is false in this crusade. We certainly know that hundreds of negroes have been murdered by resort to lynch-law, which is no law, who were not even accused of the unme tionable crime of which we hear so much. The Clifton Forge, (Va.) lynching and the one at Richlands, Va is another which aptly

illustrates this point. Miss wells has named the instances, number and severity of the lynchings committed during the past five years mong which was one at Memphi Tenn., her severe criticism of which forced her exile from that proud city. Neither of the three parties lynched there was accused of the crime so often charged, and were leading and respect able citizens. The last lynching at or near Memphis, about a week ago, amply sustains and justifies her crusade if nothing else could.

A-MEMBER.

More than this, the fact that Miss Wells is a member of our association, and at one time the secretary of the same, entitles her to our esteem, respect and sympathy, and her self-sacrificing labors to our hearty commenda-

Most of the members of this association are southern men and share whatever fate this section suffers, but human life is more precious and human liberty more valuable than financial

success or mercenary gain. we love the law, and will use our best efforts to sustain and uphold it, but we cannot stand idly by and see our race hung without judge or jury by a lawless mob and not cry aloud against it. If southern white men were murdered in the same way every outhern white man and woman and newspaper would rise in open indigna tion and rebellion against such atroci-

ties, and they would be right. determined to put a stop to them. Roanoke, Va., stands out as a mighty sign post to warn the lawless disposed

The humblest citizens has rights which other men are bound to respect. We ask no more; we can be content with no less. Again regretting that the simple performance of a duty we felt that we owed to a brave little woman who has dared to champion our cause and speak for those who could not speak for themselves in a land where great sympathy is known to be felt for us, prompted your refusal to visit us and speak a word of hope and admonition and even to suggest some timely advice, and trusting that time will bring all things right, heal all ealousies, blot out all prejudices, and oring about a oneness in sympathy in love and hope and a clearer understandng of the relations which should exist between the two races and sections when the mists have rolled away," we

with great respect,

The numerous illustrations, showing the commodious and well fitted offices, and the accompanying text, giving us some insight into the work in the different bu reaus, requiring a force approximating four hundred employes, indicate the wonderful success which The Ladies' Home Journal has achieved in an almost incredible short time. The first number was issued in December, 1883, so that less than eleven years have elapsed since Mr. Curtis conceived the idea which has developed into so vast an enterprise. In this short time its merit and steady improvement in all departments have received such recognition that its circulation has reached the enormous average of about 700,000, the largest magazine output in the world. ligh Winds Are Fanning the Forest

Fires in the Vicinity of Ashland. Ashland, Wis., Sept. 11.—Strong winds have fanned up the forest fires n this vicinity, and they are burning dercely in nearly every direction. They have crossed what is known as the emetery road south of Ashland, and the Ashland Driving Park Association, whose buildings are located two miles from Ashland, are in danger. The fire is also very close to Mount Hope Cemetery and the Catholic cemetery, with the strong wind constantly bringing it nearer. Washburn has been enveloped in a cloud of smoke. Forest fires are raging about Saxon and water is being hauled by running teams. Citizens are moving out of their homes with all possible speed. If the wind coninues for a few hours the town is lost. Saxon is a small town on the Northvest road, and several large charcoal kilns are operated there by the Ashland Iron and Steel Company, which gives it the main support. Saxon was threatened once last week and it was supposed that the timber about there sufficiently burned off to arrest further danger. Vice-President Johnson, of the Chequamogon Bay Logging Company, which operates in the vicin-ity of Washburn, stated last evening bat there was not a live tree left in his section of the country, which means big losses to timber owners.

What the Wine and Spirit Gazette Says About Mgr. Satolli's Views.

New York, Aug. 15 .- The Wine and Spirit Gazette says: "A careful survey of the whole field justifies us in stating that Mgr. Satolli's views of the relation between liquor dealers and the church are not likely to be carried out by the bishops in the cities of the country. We predicted such result in our issue of July 25. The full discussion which the whole matter has received in the press has been the means of dis-closing to the dignitaries of the church a great light. s That the Powers Will Demand That Corea be Let Alone.

London, Aug. 14.-It is rumored in St. Petersburg that England intends to propose that the powers co-operate in demanding that both China and Japan withdraw their forces from Corea forthwith, and intrust the Government of the peninsula to an internaional conference. The rumor is the subject of much

comment. The opinion is general that Russia would never consent to such a proposition. She prefers to let events take their course while her interests re not menaced. The Vienna correspondent of the

News says that England, France and Russia have agreed not to tolerate an attack on Pekin. Their respective squadrons have been instructed to in-

terfere if the Japanese attack Taku. The Shanghal correspondent of the Central News says that a strong Chinese fleet has left the coast. The impression in Shanghal is that this fleet will seek to intercept the transports which are carrying Japanese troops to Corea.

There were only a few fronclads among the Japanese vessels that attacked Port Arthur and Wei-Hai-Wei. Most of the fleets were merchantmen which had been converted hastily into cruisers and were carrying troops for work ashore. What has become of the Japanese fleet since the morning of the 11th nobody in Shanghai has heard.

There is considerable apprehension along the Chinese coast of the Yellow Sea, and small steam vessels are scouting constantly, but no view of the hostlle squadron was obtained either yesterday or to-day.

The Chinese were alarmed greatly by the attack on Wel-Hai-Wel. More submarine mines have been laid before Taku and Wei-Hai-Wei. The British war ship Mercury left Chee-Foo at noon on Saturday for

Wel-Hal-Wel to protect the foreigners at the latter port.

THE TARIFF.

The Senate Bill is Passed in the House.

Washington, Aug. 14.-The House passed the Senate tariff bill last night accordance with the determination of the Democratic caucus. The "trust' Senators have won for the time being. Their schedule was adopted in spite of the statements that the House would never surrender. Rather than see all tariff legislation defeated the House passed the Senate bill by a vote of 182 to 105. Then there were four new bills introduced, passed without being referred to any committee and sent to the Senate. The first provided for free sugar and was passed 276 to 11; the next for free coal, 160 to 104; free iron ore, 163 to 102, and free barbed wire, 187 to 84.

Two hours debate was allowed on the question, shall the Senate amendments be agreed to? and several tart speeches were made. Mr. Cockran made a bitter speech, and Mr. Reed grew sarcastic as usual. Mr. Wilson made an explanatory speech and then the vote was taken. After the announcement of the result, Mr. Wilson sent up the four other bills which were passed and at 10:25 the House ad-
